Details

This book follows on the authors' successful development of the Three-Pillar Model (3-P Model) for organizing and leading in disruptive times. Its focus is on helping the reader to implement the model and providing a wide variety of application cases for these VUCA times (Volatility, Uncertainty, Complexity and Ambiguity), including global crises like the COVID-19 pandemic. The book covers a broad range of organizations: private and public sector, NGOs, local and global governmental institutions, global organizations such as UN, etc. In addition, it shows how the 3-P Model can be applied to challenges in organization design, management and leadership.
